

Instruction Set for Strangers

Jiaxin Li
Yunfei Song

Prototype 2

For the next step

- higher the balloons
- reconsider the form of the box and find a better way to represent the city
- reconsider the form of the object flying above
- reconsider the connection between the box and flying object

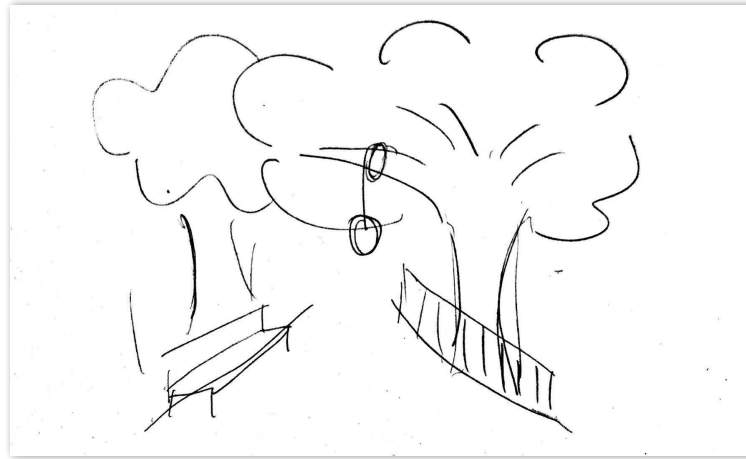

make it
higher

hang in the tree

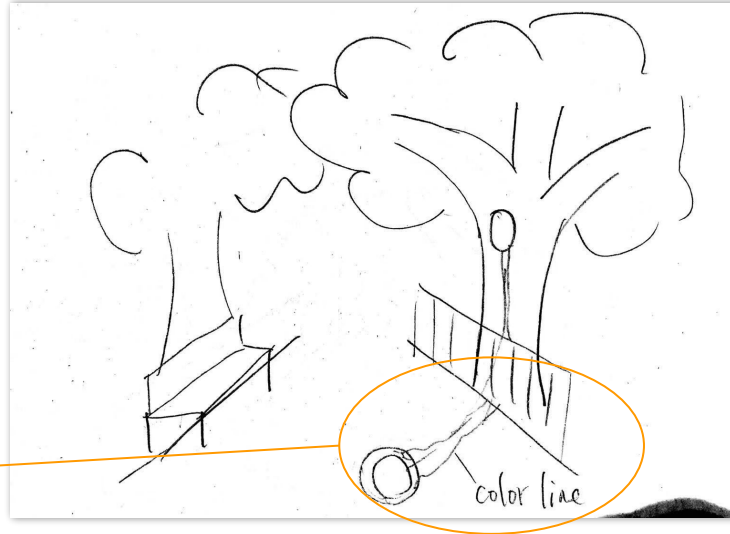

use flying balloon

paste on the tree trunk

using colorful tape to
guide people's attention

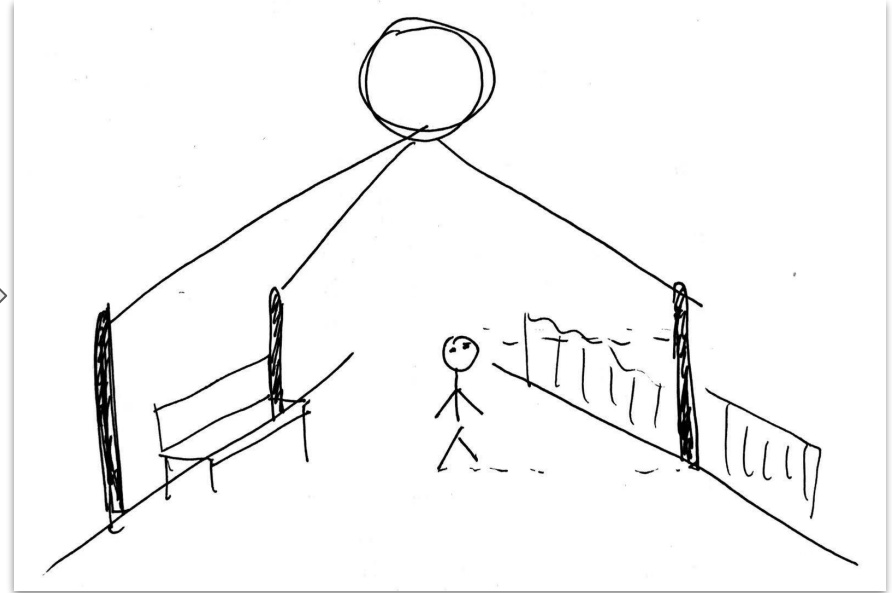

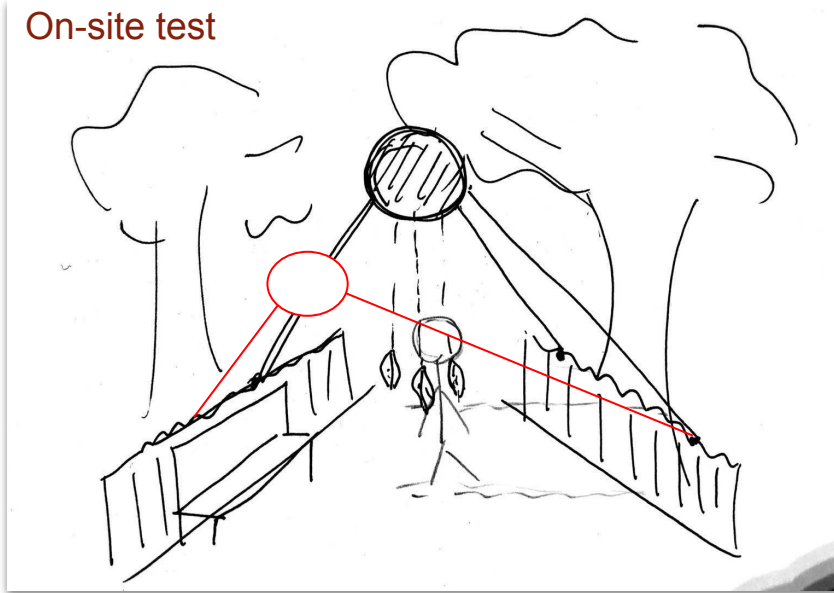

Prevented
by the park
manager

not high
enough;
we cannot
reach the
trunk as they
far behind
fence

How to make it high enough and less troublesome?

On-site test

- use 3 lines to make it more stable
- tie the line to the fence
- lines still get in the way

- use 3 stands make it higher
- lines not get in the way

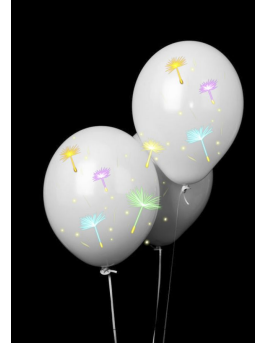

Helium Ballon

Form 1:
Cotton
Cloud

Cotton are
too heavy
for helium
ballon

Form 2:
Fluorescent Painting

Form 3:
Narrative,
story-telling
illustration

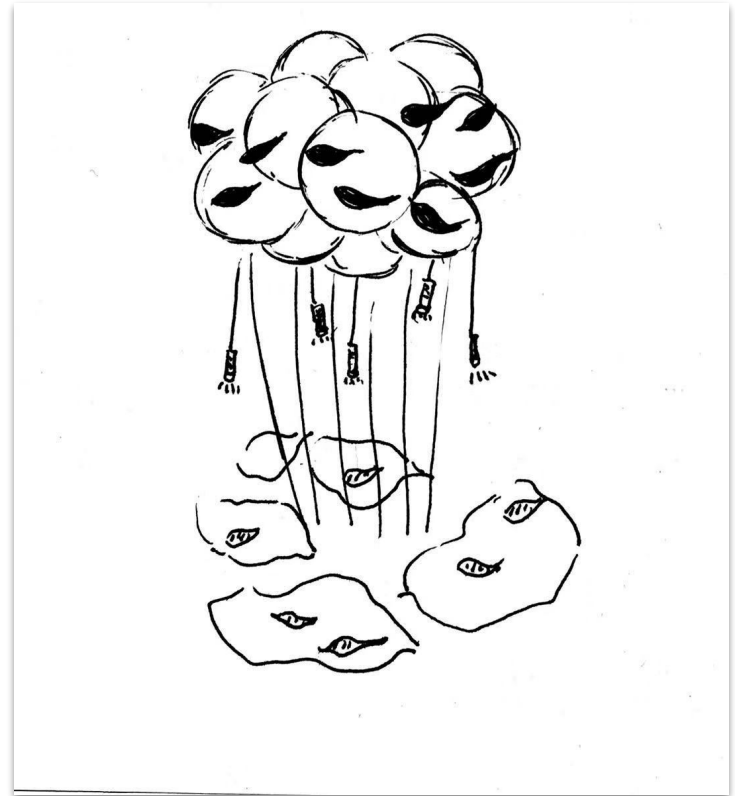

Hard to be
read when
ballons stick
together

More details about fluorescent painting

- Explorative -> longer interaction duration
- Handheld ultra-violet lamp
- Reflective paper underneath

Problem:

- corrosive spray...

Making Porcess

On site

- higher
- less troublesome
- less interaction than expected
- most people ignore it
- less playful

Thinking

- On-site is always having some differentiation with imagination, result would be much better if stick in one idea for three weeks.
- Helium ballon is fragile and short-lasting, not suitable for a long-time project
-
